(C) Terms & Conditions

All nominations submitted should relate to projects and activities completed between: 1st January 2017 - 31st June 2019, unless otherwise stated:

Please note completion dates differ for Design Project Of The Year and Facilities Management Project of The Year

Closing date for entries is Friday 4th October 2019

- ✓ All nominations must be submitted by a fully completed online entry form. All relevant fields relating to the specific award category must be completed. Any entry failing to fully complete each field will not be considered by the judges.
- ✓ Each entry must present a detailed overview of why the nomination is been made. This must clearly outline the unique aspects of the project or activity in no more than 1200 words. With the exception of photographs, no supporting documentation is required or will be accepted with the initial nomination
- ✓ Projects of all sizes will be considered within the island of Ireland
Awards relate to projects that have commenced within the last four years. Some categories may have specific timelines.
- ✓ Each submission must clearly explain why you believe it should be considered and must address the specific criteria the judges have set out in each category.
- ✓ If the project has been entered into any other awards programme this must be clearly stated in your submission. Any awards won previously must be disclosed to the judging panel.
- ✓ Any issues of an adverse nature (local or national PR or media coverage) must be disclosed to the judging panel in your submission. In the event that you fail to do this and such issues are brought to the attention of the judges your entry will be disqualified.
- ✓ Independent Newspapers reserve the right to use any information supplied in your entry submission to promote the awards programme.
- ✓ Once you have submitted your entry you will not be able to make any amendments
The deadline for nominations may be extended at the discretion of the judges.
- ✓ All nominations shortlisted will be notified by Friday, 1st November 2019
- ✓ The decision of the judges is final.
- ✓ If the judging panel consider that sufficient standards have not been achieved or the criteria set out in each award category have not been met by any of the submissions no award nomination will be short listed in that category. By submitting your nomination form all entrants will be deemed to have accepted these rules and procedures and the have agreed to be bound by them when entering this awards programme. By submitting this nomination form you are agreeing to be contacted by Independent Newspapers specifically in relation to this awards programme.

Data Protection

It is the policy of Independent News and Media never to disclose any customer data to any third party, apart from such instances where this disclosure is required for legal reasons. The information contained in your nomination will be at all times treated in the strictest confidence.

(D) Judging Criteria for each award category

01. Community Benefit Award

This year the Community Benefit Project will be awarded to a project that has had a positive impact in a local neighbourhood and has delivered positive benefits to that community. There are two nomination categories in this award: Civic Projects & Initiatives in excess of €1 million investment & local projects up to €1 million investment

Projects that involve the community reusing, refurbishing, or preserving historic buildings, building new sites or designing public realm schemes will be considered for nomination.

What the Judges are looking for:

- Links to local initiatives and community use
- Design and quality of construction
- Visual impact and contribution to landscape
- Level of community involvement
- Future development potential and prospects
- How has this initiative or project directly benefited individuals, families, businesses in the community

02. Facilities Management Project Award

This Award is presented to the facilities management team – in-house or agency - that has had a substantial, positive effect on the workplace environment of clients or an organisation. This work will have created client value or internal value through a more comprehensive picture of the built environment by demonstrating the strategic value of Facilities Management.

What the Judges are looking for:

- How have you changed the value your organisation or client gained from Facilities Management in the last year?
- Evidence of tangible improvements/impact on the workplace
- Details of any new initiatives or changes in strategy with a focus on technology, innovation and impact
- Evidence of business development or staff/training initiatives
- Evidence of strong client focus and positive client feedback – for instance via testimonial
- A summary of why you feel you deserve to win this award

03. Design Project of the year

This award will recognise excellence in Irish architecture for a project at home or abroad that has been completed in the period Jan 2018 – Dec 2018.. The award will be presented to the architect or architectural practice responsible for the project.

The Judges are looking for projects that:

- Demonstrate architectural excellence
- Delivered on Client's ambition and requirements
- Have a positive impact and contribution to the local area
- Demonstrate innovation in design, delivery and/or use of materials
- Demonstrate inclusion of sustainability under the headings of environmental, social and economic quality in the design and include any independent verification or recognised criteria

04. Commercial Agency of the year

This category is aimed at commercial agencies – large or small – that provide leasing, sales, funding, site acquisition and investment sales (i.e. pre-let sales) advice to the commercial property sector.

What the Judges are looking for:

- What you have done to move the dial in the commercial sector in the past year
- Details of key deals you have done and why they were so significant
- Evidence of a tangible improvement in performance in the past year
- Details of any new initiatives or changes in strategy with a specific focus on technology and the customer experience
- Evidence of business development or staff/training initiatives
- Evidence of strong client focus and positive client feedback – for instance via testimonial
- A summary of why you feel you deserve to win this award

05. Property Investment/Fund Manager of the year

This category aims to reward a fund manager, life assurance company, private property company or related firms that has moved the dial in the way it has provided return on real estate investment in the past 3 years. Has it targeted new areas of growth? Has it done something that makes it stand out from the crowd? Then we want to hear from you

What the Judges are looking for:

- Examples of specific achievements/landmark deals in the last 3 years
- Evidence of a strong financial performance and return on investment for clients
- An indication of an effective approach to risk and reward
- Evidence of strong client focus – via testimonials preferably
- Details of new strategies or innovations introduced specifically in the past 2 year

06. Irish Real Estate – PropTech Innovation Award

This category has been included in the 2019 awards programme to recognise the rapidly changing world of real estate. The award will recognise the individual, business, product or service that has driven innovation, embraced technology and whose activities are shaping the future of Irish real estate. This category will be open to any individual or company across the entire real estate sector who has demonstrated innovation through the use of technology.

What the Judges are looking for:

- Clear evidence that you, your business, product or service has significantly enhanced the client experience through the use of technology & innovation
- How you, your business, product or service has driven change resulting in significant improvement to the real estate sector
- How the use of technology has created efficiency in your business, product or service

07. Excellence in Planning Award

This year the Excellence planning category will award separately submissions from the public and private sectors.

This award will recognise a plan or project that, shows the role of planning in delivery or through engagement with the planning process and incorporation of planning policy, demonstrates significant social, economic, environmental or cultural benefits.

Examples may include: housing; economic development; heritage/conservation; public realm and private investments that improve quality of life or provide employment and/or services in an area/region or utilise of best community engagement, urban design or planning practices or deliver economic growth in a sustainable way by means of planning work.

Entries can be submitted by the planner, architect, planning authority, developer, or client.

What the Judges are looking for:

- Professional planning input/work
- Evidence that entries have improved or are likely to improve the physical or environmental quality of a place or the economic or social well-being of a community.
- Long lasting and widespread impact

08. Regional Excellence Award

This award will recognise excellence achieved by a firm across the various professional disciplines in the Irish property sector.

Nominees **MUST** be practicing or based working outside of the greater Dublin Region

What the Judges are looking for:

- Contribution to the property industry
- Corporate social responsibility strategy
- Details of any significant deals, innovations or consultancy commissions secured
- Details of any innovations in technology or changes in strategy introduced in the past year
- Evidence of business development and or staff/training initiatives
- Evidence of strong client focus and positive client feedback via testimonials
- A summary of why you feel you deserve to win this award

09. Contractor of the Year

This award will recognise the contractor who demonstrates the highest standards and achievements by an Irish firm.

What the Judges will be looking for:

- Innovation in the use of alternative materials and different construction techniques
- Savings in-terms of future operation and maintenance requirements, sustainability, BREEAM etc.
- Contract planning and closeout processes
- Implementation of the Considerate Constructors Scheme
- Profile of Construction portfolio
- Quality control

10. Energy Efficiency Project of the Year

This award will recognise the project that demonstrates an ambition to not only meet the highest standards of energy efficiency and / or marked improvement in energy efficiency of a building project but is seeking to set standards of energy conservation and sustainability as a differentiator in positioning the building / project. The award is open to either a new build or specialist retrofit project.

What the Judges will be looking for:

- A demonstrable focus on maximizing energy efficiency in a property project
- Evidence of a material reduction in energy consumption, waste and cost
- Detail to demonstrate how this project plays it's part in creating a sustainable energy future for the community
- Contribution to the energy efficiency of the Property industry and setting new standards of energy usage norms
- Innovation and thought leadership in the area of energy efficiency
